Title of the workshop
EMPOWER LEARNING THROUGH INNOVATIVE TECHNOLOGY

Speaker:
Dr. Wan Zuhainis Saad

Synopsis
This workshop is designed to facilitate participants to discover strategies and tools suitable to create active learning in engaging students and increase participations for a meaningful learning. Active learning promotes innovation and creativity. This is the foundation required for students to be able to engage in higher order thinking skills and eventually self-directed learning.

Workshop Content /Coverage
1. Designing pre-, in- and post-lecture activities to improve students learning.
2. Learning activities for students engagement through collaboration.

Workshop Learning Outcomes
At the end of this workshop, participants are able to use appropriate strategies and tools to design active learning with innovative technology.

Who Should Attend
1. Lecturers/Teachers
2. e-Learning Content Developers
3. Deputy Deans of Academics/HODs
4. Those who are curious and eager to explore.

Workshop Programme

Time		Activity
08:30 – 09:00	:	Registration
09:00 – 10:00	:	Designing pre-, in- and post-lecture activities
10:00 – 10:30	:	Coffee Break
10:30 – 12:30	:	Designing pre-, in- and post-lecture activities
12:30 – 14:00	:	Lunch
14:00 – 15:00	:	Collaborative tools for active learning
15:00 – 17:00	:	Task management and organization

End of Workshop
